Frequent Questions and Answers (Q&A)

Preparing the game

1. My game ain't saving right, shows up a "1m subcircuit is not installed, please exchange backup memory" issue.

A: On your emulator, set the memory to Flash 128k, Automatic Save, Download latest Myboy/VBA/whatever emulator you're using and game, and put your gba file into Downloads files. Restart.

2. I can't continue after Elite Four.

A: Same reason goes as before.

3. I can't continue my game save after an update.

A: Save first into a safe place (PokéMart at Cherrygrove, for instance) and save into a slot with your old update, save exactly when you save your game internally (when it puts "wanna overwrite?"). Then load that slot into the new game, save internally, reset and you may continue without issues.

4. There's some items that I can't get.

A: You're playing with an old save game? Then you maybe can't get some new stuffs.

Inside the game

1. Beginning my game, after I lose I start at Violet City.

A: Restart, you shouldn't lose until you solve Mr. Pokemon Egg quest and get into Violet.

2. The guy from Violet ain't trading an Onix, instead, is a Budew.

A: This is a new hack, a new game, so, can't be 100% exact copy-paste.

3. The TM ain't right, at gen 2 there's no TM01 Superpower, it is Dynamic Punch (or any other).

A: Same as before.

4. Appears to be a wild Legendary Dog.

A: Talk to it and let it go. If appears again and get away, it's ok, you just need to find it one more time.

5. After doing a Ruis of Alph puzzle nothing happened.

A: This feature isn't currently working properly at the moment, and thus solving the puzzle is not necessary to access the chambers. Select the other side of the stone tablet on which the puzzle is located to access the chambers. Talk to side wall. Be careful inside, because there's an insidious issue making your game wrong, so I suggest you to get out as soon as possible the very first time, then I'll be normal.

6. I can't get away from the "tree" bonsly (ex-sudowoodo).

A: Get Squirtlebotle from Flower Shop Girl at Goldenrod after won Whitney.

7. National contest ain't showing up.

A: Set your game into another time and day and try again, or walk a lot and wait.

8. Legendary Dogs aren't going anywhere.

A: Download latest version.

9. I can't use SURF after 4th badge.

A: It's because in order to use SURF you need to face Chuck 5th badge first. Try to go trough a new cave Left Olivine, using Strenth to move some rocks over there.

10. Some Flying map ain't showing up.

A: Download latest version. Try to go again to that city and get into Pokemon Center. Try again.

11. I can't get into Mahogany's Rocket Warehouse. Something is wrong.

A: Try to not lose or get out from that until you get TM Whirlpool from Lance.

12. I don't know how to mega evolve. My Pokémon aren't mega evolving.

A: Make sure your Pokémon may mega evolve. Get Mega Stone from Fuji at Violet, and Mega Stone X from Roxanne at Dim Deep Cave. Get Mega Brazalet from Elm's assistanship right trough Mahogany Town, the one who makes some "?" when it sees you. To activate Mega evolution, let hold Mega Stone or Mega Stone X to a Pokémon, and in-battle press Fight and a ball will show up in your exp box. Press START and select any move. Mega Stone X is meant to be hold by Charizard and Mewtwo.

13. I can't continue with Clair at Blackthorn. Gym is closed.

A: Go to Goldenrod Radio Tower and fix Rocket's trouble. Get both keys to free doors.

14. I can't pass trough stones at Blackthorn Gym.

A: Try again.

15. Clair didn't give me any badge.

A: Need to go to Dragon's Den and use whirlpool.

16. I don't know how to get X HM.

A: Flash from Elder at Violet, Cut from Cutter at Azalea, Rock Smash by fatty next to Sudowoodo, Strength by a Sailor at Olivine, Surf by Kimono Gentleman at Ecruteak, Fly by Chuck's wife at Cianwood, Whirlpool by Lance at Mahogany, Waterfall Inside Icefall Cave, Dive by Misty at Cerulean, Headbutt at Ilex Forest, Sweet Scent by girl at Ilex Forest outside, Dig at National Park.

17. I can't get on board on SS Aqua Ship.

A: Talk to Elm.

18. Kurt ain't talking to me.

A: Two options. First, set your game into another time and day and try again, or walk a lot and wait. Second, Talk in Saffron to a Telephone cabine.

19. I can't continue after won Sabrina.

A: Go to Silph Co. and face Rockets in there. CAREFUL: It could be an issue with elevator, try to not enter from front face, but by a side to get into a up floor.

20. I can't get out from Safari, I haven't any Pokémon, Rocket's stole from me.

A: Careful, need to try again that script later. Do not use cut while you don't have any Pokémon, Koga should help you, if not, do something else and try again later.

21. There're some invisible things.

A: Those are legendary Pokémon. To get them all, first need to catch some before to get some others (I.E.: Catch Nihilego first at Submarine Lymph in the middle-left side to awake some others Ultra Beasts).

22. Where is Kyogre and Groudon.

A: Both are hidden. First one at Submarine Lymph at Bicycle Road using Dive, down hidden. Groudon is hidden at Dim Deep Cave at Blackthorn deep in there, touching a wall. Rayquaza is at Sky Tower.

23. I can't capture Snorlax.

A: Get an Expn Card at Radio Tower and a PokéFlute.

24. I can't find Machine part at Misty's gym.

A: Try to do something else and try again later, it's suppose to be on the pool hidden, look for it in the walkthrough.

25. There are some places with doors and stones and I can't pass.

A: Face Red/Ash at Mt. Silver to open some places. Some others will be opened while you complete missions.

26. How to catch Celebi?

A: Talk to a telephone at Saffron and get GS Ball. Wait for Kurt.

27. I can't get into Viridian Gym.

A: Need to face first Blaine's gym at Seafoam Islands.

28. I can't catch Articuno.

A: Some stones aren't working properly, but there's a new whole to go when Officer Jenny is out of there, get into the final whole and you will see Articuno.

29. I can't get into Mansion at Cinnabar.

A: It's burnt to the grounds, don't you see?

30. I can't get into a new Orange Island.

A: See walkthrough guide. There's an order.

31. I can't fly at Cherrygrove or any Orange Island.

A: Those are islands, not important and there's not any other fly position I can use for them. Cherrygrove ain't that important and the others I put some Sailors to get fast into Vermillion.

32. How to face Drake at Pummelo?

A: Beat every Orange Leader First.

33. After I beat 3 champions wht else I can do?

A: Complete pokédex, Battle Frontier.

34. There's no enough amount of space at bag or box to put my items and Pokémon.

A: This game was meant to have 386 pokémon, and I put over 850, so use spaces carefully, seel items aren't needed or give it to some Pokémon to hold them. Manage yourself.

Main Keys and features

Important information:

- 1) **Preview:** For the most part, the structure of Shiny Gold Sigma is like Pokémon Gold/Silver/Crystal, except for the Orange Islands Saga, which is completely new. It is mostly linear and thus the story proceeds sequentially with some room for exploration. As SGS is a work in progress, more narrative and gameplay features will be added to further enhance replay value and enjoyment-in other words, making it more fun, this include Hoenn region. It's important to play in order and not jump steps to avoid getting lost or spoil and talk to all the people who are in the game and *always save* your game if anything happens.

- 2) **Ideal order to play:** 1) SAGA JOHTO, 2) ELITE FOUR, 3) SAGA KANTO, 4) JOHTO REMATCH 5) ORANGE ISLANDS, 6) KANTO REMATCH, 7) EX LEADERS REMATCH, 8) ELITE FOUR REMATCH, 9) CHAMPIONS FROM KANTO, JOHTO & ORANGE ISLANDS.

JOHTO SAGA

- 1) **New Bark Town, Cherrygrove City & Violet City:** After meeting Elm and receiving your Pokémon, a mysterious trainer will battle you somewhere along Route 1. Then talk freely to those three dogs, they will disappear but may left you a gift. You must get the Mystery Egg, Pokédex, and do not go to Violet when you lose with someone at the very beginning, if so, go back to Cherrygrove, where you can pick up some goodies in some of the houses. There's an issue where you will get teleported trough Violet City if you lose against someone before that City. Lucky egg is at Trainer's Teaching house at Violet, near to a table. Get HM Flash winning to Bellsprout Tower's master and Mega Stone A from Mr. Fuji at Teaching House (gaining your Mega Bracelet comes much later). Face Falkner.

- 2) **Azalea Town:** Near Union Cave is a Pokémon Center, where a Fisher will give you an Old Rod. Get inside Slowpoke well and save Slowpoke from Team Rocket. One of them is holding a letter. Then fight against Bugsy. Leaders are stronger, this one got a Vespiqueen, so be careful now. Get inside Ilex Forest and get HM Cut and Charcoal from the cutter rescuing a Farfetch'd. TM Headbutt and Sweet Scent given trough this path.

There's a secret Pichu up to your home!

- 3) **Goldenrod City:** Need to use Day Care? Then go down to that city and you will find a house keeping day care, you will find in that route a Ditto. You may buy some TM like Fire Punch or Thunder Punch at Goldenrod's Mart. There's a new TM here, Dazzling Gleam. You may buy a Charmander, Dratini or even a Larvitar at Game Corner. Find Coin Case down at Subway. Buy a Nugget there for 4500 and you will sell it for 5000. Talk to Bill's parents' house, get a bike, change motes & names from your Party, and then fight against Whitney. Careful again, she's strong and got Miltank and Sylveon, among others. You may catch a Machop (Fight Type) down that city and level up. Get SquirtleBottle at Flower Shop right next to the Gym, and set a free space in your bench because you will get a Spearow up to that city with a letter you may deliver to that chubby guy at Route 31.

4) **Ecruatek City:** Use SquirtleBottle to face Bonsly. Then go right and talk to a chubby guy fat and get HM Rock Smash and down an SkillCapsule. Go to Burned Tower and release 3 legendary dog beasts. Fight against Morty. Get Zahori or Itemfinder from a Scientist next right to that Gym. Get Eevee from Bill at Goldenrod. Face Kimono Girls (Careful, they have all the Eeveelutions, quite strong) to get HM Surf from a gentleman at Theater. When you won Morty, you will have 4 badges, and you will be able to use Flash, Cut, Strength and Fly. But not Surf, due to need to won Chuck's badge to use it. So, right HM order use is:

Fly

Dive

Flash

Cut

Strength

Surf

Waterfall

Rock Smash

Morty's gym right path

黄鹤楼
黃鶴樓

Kimono Girls to get HM surf

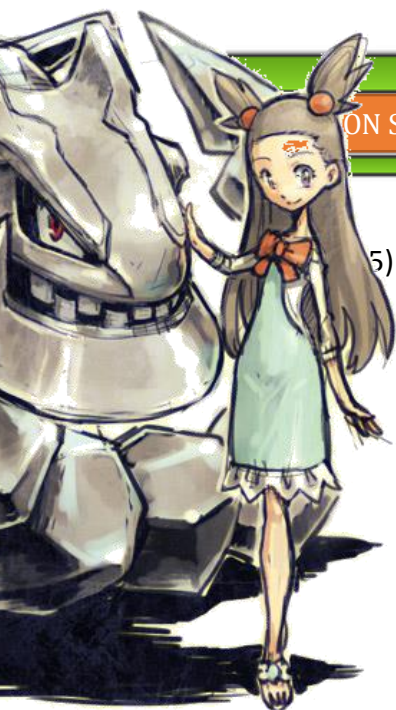

Bill will give you an Eevee at Goldenrod

Get Rock Smash

- 5) **Olivine City:** Get Good Rod. Go to Lighthouse and help Jasmine getting a medicine at Cianwood. Get HM Strength from a Sailor at Sailor Crystal Bar, then go left to Olivine, and you will find a new path, use Flash inside and walk, and you will be able to get into Cianwood without using Surf.

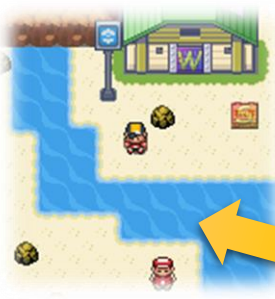

Use Strength

- 6) **Cianwood City:** To fight against Chuck you must go through the new cave deep that in on west of Olivine City, near the road to Battle Tower where you must use the HM Strength that gives you a Sailor at Sailor Crystal Bar. Get Mega Stone Z from Roxanne there. Then pick up medicine pharmacy and deliver it to Jasmine to fight against her (sixth leader). Get HM Fly from Chuck's wife down that gym when you get his badge. Face Eusine there.

Get Fly

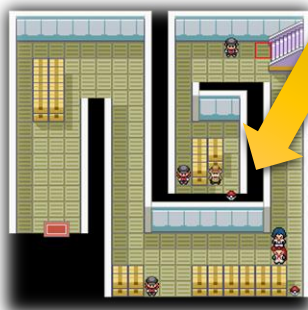

Use Surf

- 7) **Olivine City:** Deliver medicine and face Jasmine to get a new badge.

- 8) **Mahogany Town:** The 7th leader, Pryce, finish Lake of Rage & Rockets, Lance gives you TM Whirlpool to suppress swirls. Then go to Goldenrod and solve Team Rocket's Radio Tower event. Get Key Card to face Rocket Admin at Radio Tower's top.

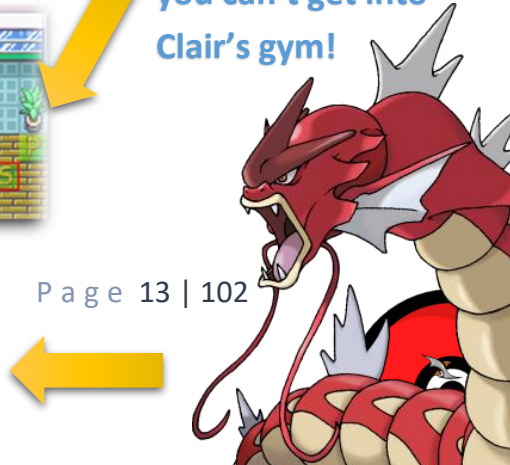

Get Key Card

Repeat this event if you can't get into Clair's gym!

Trade Red Scale for Exp. Share to Mr. Pokémon!

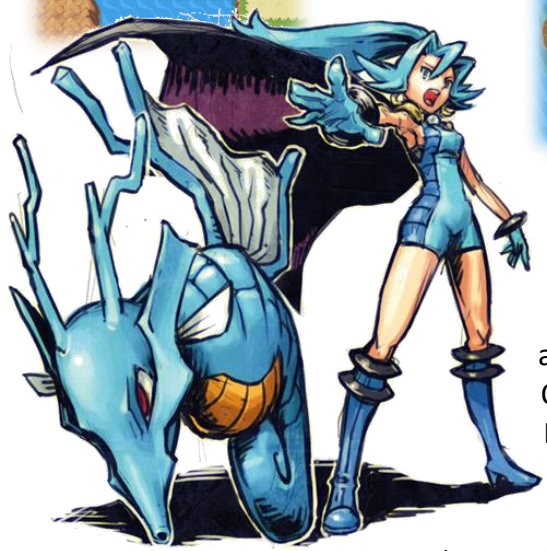

9) **Blackthorn City:** Get Mega Bracelet from Scientist at Route 44. HM Waterfall will be hidden at Icefall Cave at the very beginning. Face Clair. Then go to Dragon's Den and use Rock Smash, and Whirlpool from Clamperl or TM. Then get Dragon Fang. Get Dratini at Dragon's Den master. Don't worry about Magma and Rocket members outside. They'll be gone when you catch Legendary Hoenn beasts. Catch Ho-Oh at Ecruteak's Tin Tower.

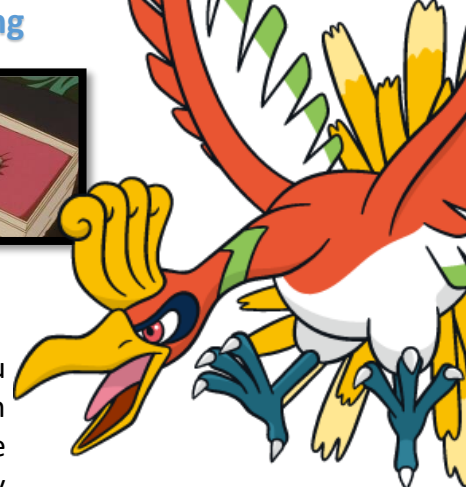

Mega Bracelet

Dragon Fang

Remember: To face Clair, 8th Johto Leader, you must complete the plot of the Rockets in Kanto, go to Goldenrod City, release the manager in the underground, get the Card Key and fight Rocket to the top of the Radio tower. Only then will open the gym doors, and Dragon Badge will be in Dragon Cave, when you get the Dragon Fang. Maybe you'll need to repeat that rocket event to face Clair.

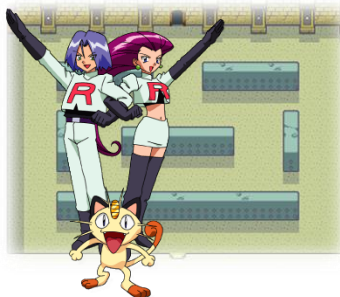

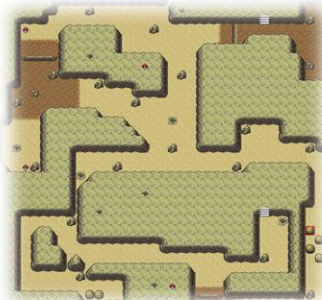

10) **Indigo Plateau:** Face Victory Road & Elite Four. Lance 1st Champion.

KANTO SAGA

11) **Vermillion City:** Go to talk to Elm and get a Ferry Ticket to S.S. Aqua. Use it for travel to Kanto. That ship will be crushed and go deep trough sea, drown. Then go through a Cavern and get GS Ball and an Aggron. Get into Vermillion City. Face Lieutenant Surge. About his gym, when you enter, you will see many trash cans. Find a trash can with a switch in it and the second switch is beside it. It will be random. If you fail, the switch will be shuffled again. Face May up to Vermillion to get a broken GhostBuster.

May drops Pokéathlon

12) **Saffron City:** Beat Sabrina. Go to Silph Co. The Guard there should talk about James. Go to Route 6. Then look for May & Pikachu. Go to Silph Co and the guard there should let you go up and get the broken Ghostbuster at the top floor. Careful with the elevator though, you need to face it by a side, let the sprite autowalk through the elevator, the character will enter by him/herself. Then Call Elm from Saffron City. Then make a call to Elm. Elm should talk about the GS Ball and SS Aqua already arrived. Go to Vermilion Port Area. Ride SS Aqua. The go back to Olivine, Johto. Fly to New Bark then talk to Elm. Elm should talk about GS Ball and tell you to deliver it to Kurt. Go to Azlea then talk to Kurt then talk about the GS Ball. After delivering the GS Ball walk away to Azlea twice till you see Kurt out of his house facing the Ilex Forest. Talks about Celebi. Go to shrine and capture it. Then go to Burned tower (Ecruteak) and look for Gym Leader Morty to fix your broken Ghostbuster. Then ride S.S. Aqua and return to Vermilion. Then proceed to Celadon.

Get another Eevee at Celadon

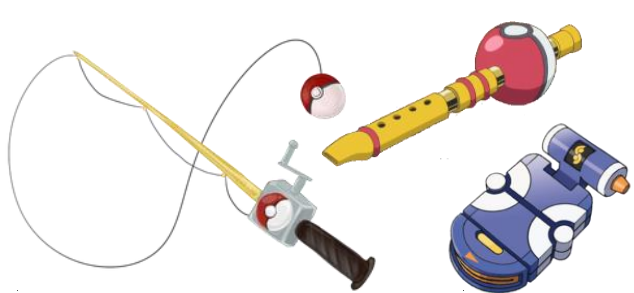

Walk a lot to unlock Kurt's event

13) **Celadon City:** Jenny's officer and block's walls way near to Celadon will disappear when you catch Celebi. There's a new Game Corner. Get another Eevee at top from Game Freak Department. Face Erika and get 3rd badge. Latias is near to Celadon hidden as a tree.

14) **Lavender City:** Get a TV from Johto's Radio Tower. Get EPXN Card from Kanto's Radio Tower. Get PokéFlute from Fuji's. Then you will be able to wake up both Snorlax. Get Great Rod down through Lavender.

15) **Fuchsia City:** Get into Safari Zone but save first, and see if you may not cut a tree when Team Rocket stole your Pokémon. You MUST be helped by Koga. If that event doesn't activate, then do something else and try again. Face Koga & Janice.

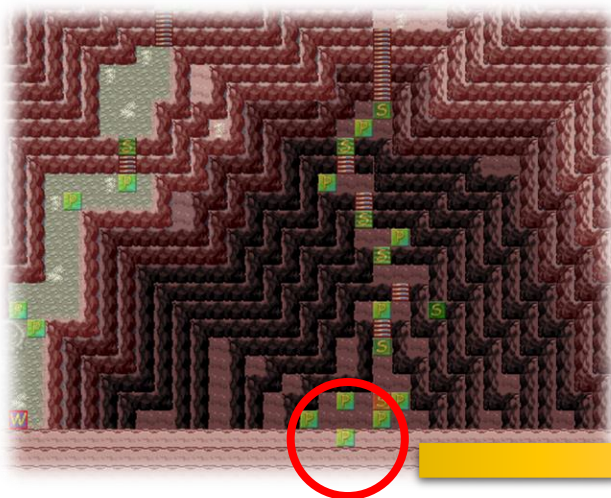

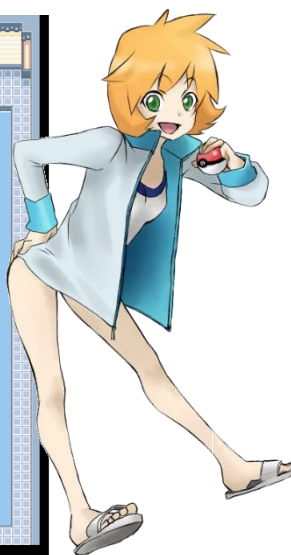

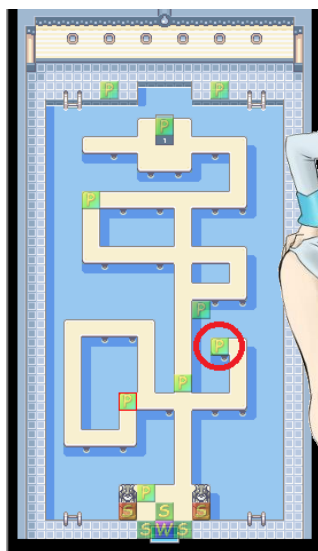

Wait for Koga's help or try again later!

16) **Cerulean City:** Need to go to Ecruteak City, to Burned Tower and face Morty to get repair your GothBuster. Face a Ghost from Celurean and get in there. Go through Kanto Power Plant. Go get a Machine Part hidden at Celurean's gym by a Rocket. Face that Rocket. Go up and watch Misty's date (Rudy). Face Misty and get HM Dive. Use it to face Kyogre and Regice at Submarine Undersea Lymph near to Cycling Road. Then Fly to Blackthorn and face Groudon at Dim Deep Cavern.

Machine Part

Remember: The hidden machine at Misty's gym is the machine generator power plant, and must seek it because it's in a new place, then fight the Rocket above Cerulean, and go find Misty on the reef which is above at the end on a date with "someone"...

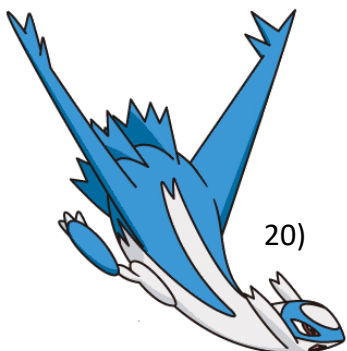

17) **Pewter City:** Regirock will be at Mt. Moon. Brock's Father may sell you some rocks near to Pewter. A painter will give you a tip about Silver's wing, hidden near to Articuno. Face Brock.

18) **Viridian City:** Gym's doors will be locked. Gary will face you when you get Cinnabar's badge.

23) **Mikan Island:** Go right to Cerulean. You will see a cavern there. Face Cissy, 1st Orange gym leader. Rayquaza will be at top from Sky Tower. Registeel is in a Johto Islands Cave. 24) **Navel Island:** Need to go through Johto Islands pathway down to Fuchsia City. Face Danny at top of the Navel's mountain. 28) **Mellsweet Island:** If you win Drake, then you will be able to get into that island. Get Pokémon starters and Deoxys. Jirachi is hidden at Mt. Silver.

HOENN SAGA

29) **Cinnabar Island.** Get the ticket from Lannete in the Bill's Sea Cottage. Talk to the Ferry owner in Cinnabar to get into Slateport City. You can buy evolutionary items there. The history of Hoenn is close to be as accurate as if were on the RSE games. So you might want to take a look into a internet guide. There are some places not available, or transfered into the Johto Region (no space nor need for to have e.g. another Bicycle store, just as happened with GSC, they deleted the one in Kanto and leave just the one in Johto). The are gym leaders here, but the order is different.

Gym 1: Norman, Normal type Pokémon

Gym 2: Roxanne, Rock type Pokémon

Gym 3: Brawly, Fight type Pokémon

Gym 4: Wattson, Electric type Pokémon

Gym 5: Flannery, Fire type Pokémon

Gym 6: Winona, Flying type Pokémon

Pokémon evolution system & levels

Friendship: If a Pokémon is caught in a *Luxury Ball* or is holding a *Soothe Bell*, all friendship-raising events will increase the Pokémon's friendship value by an extra point; friendship-lowering events are not affected. These effects stack on each other, meaning a Pokémon in a Luxury Ball holding a Soothe Bell increases the value by two points.

Pokémon now have a base friendship per species, although most catchable Pokémon have the standard value of 70 as their starting level.

In Pokémon FireRed and LeafGreen, the player can verify the friendship value of his/her Pokémon through the scene which appears after the player uses an item on the Pokémon. The Pokémon will either move towards the screen or not move at all. If the Pokémon does not move, then its friendship value is standard. The friendship value of the Pokémon can be checked by looking at how near the Pokémon goes to the player. The nearer the Pokémon moves towards the screen, the higher its friendship value and the more it is attached to its Trainer. After grooming a Pokémon, Daisy will also tell the player how friendly the Pokémon in the first slot of their party is towards them.

Pokémon Shiny Gold Sigma Mega Evolution

There're two mega stones, **Mega Stone** and **Mega Stone Z**. Second one lets you evolve some Pokémon into their secondary Mega Form, like Charizard into Charizard X and Mewtwo into Mewtwo X. First Mega Stone will give it to you Dr. Fuji at Violet City, the second one Roxanne at Dim Deep Cave (left Olivine), and Mega Brazalet will give it to you a Prof. Elm's assisanship right to Mahogany. To Mega evolve, hold Mega Stone into a rightful Pokémon, and when you battle press Fight and a Mega Stone will appear in your EXP box. Press START to activate and then select an attack. That's it.

Mega Stone let you mega evolve every single Pokémon who is available to Mega Evolve up to 7th generation.

Pokémon Shiny Gold Sigma Cheats & Gameshark Codes

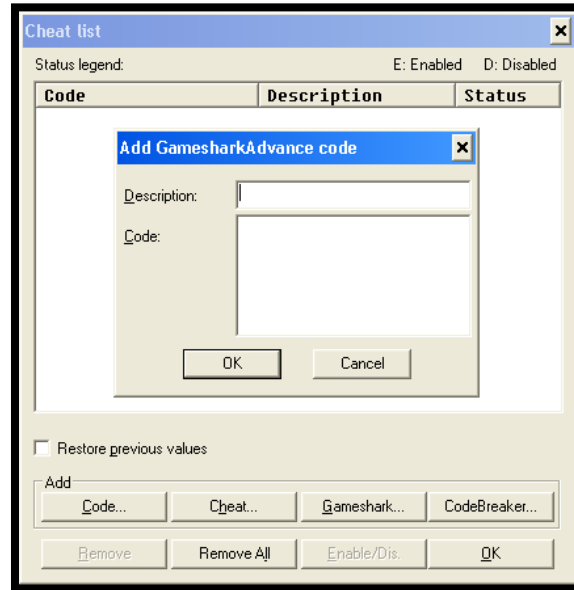

Pokémon Shiny Gold Sigma is a ROM hack version using Pokémon Fire Red Codebase. Therefore all Pokémon Fire Red Cheats should work equally on this game but still there are some exceptions, so **I DO NOT RECOMMEND THIS**. Nonetheless, using our **Pokémon Shiny Gold Sigma Cheats**, you can feel your game becomes easier. Remember that this page includes both Pokémon Shiny Gold Sigma Cheats.

First, you need an Emulator which you can enable gameshark codes such as VBA on Windows and Mac. Now, we will show you how to insert gameshark codes with VBA.

1. Open VBA and load Pokémon Shiny Gold GBA or Pokémon Shiny Gold Sigma. If you don't own one, go to Facebook main page.
2. Use Save State to save your game. Remember to save your progress before everytime you insert Cheat Codes because some codes can harm your game.
3. Choose "Cheats" menu and click "Cheat list".
4. Click Gameshark... and insert codes.
5. Check if they are working.
